One North Kaniku Drive
Kohala Coast, Hawaii 96743

1:00 PM – 3:00 PM (Lunch provided)

Julie M. Vose, MD – Chair

Andre Goy, MD, MS

John P. Leonard, MD

Thomas E. Witzig, MD

This activity is jointly sponsored by the University
of Nebraska Medical Center, Center for Continuing
Education and Educational Concepts Group, LLC

UNIVERSITY OF
Nebraska
Medical Center

NEBRASKA'S HEALTH SCIENCE CENTER

EDUCATIONAL
CONCEPTS GROUP

This mini symposium is held
in conjunction with the 2009
Pan Pacific Lymphoma Conference.

This activity is supported by
an educational grant from

Changing the Outcome of Aggressive Lymphomas

Through Novel Treatment Strategies

TARGET AUDIENCE

The target audience for the mini symposium includes hematologists, hematologist-oncologists, pathologists, clinical scientists, nurses, allied healthcare professionals caring for patients with lymphoma, and industry representatives.

STATEMENT OF NEED

The treatment of aggressive lymphoma remains a challenge for many healthcare professionals and patients despite recent gains made in the management of this disease. Determining which treatment approach is most appropriate for a given patient requires careful consideration of patient-specific characteristics, physician expertise, and available health-system resources. While difficult, these decisions require knowledge of current clinical and experimental data in order for the appropriate utilization of therapeutic agents and strategies in clinical practice. This educational program provides participants with an overview of the most recent advances in the treatment of aggressive lymphoma, as well as, specific updates and outcomes of ongoing clinical trials, synthesized into a concise learning opportunity by experts in the field. The cutting-edge data these experts will present will provide practitioners with the information they need to incorporate new therapeutic strategies into their patient care decisions. As a result, it will lead to improved response and survival rates for patients with aggressive lymphoma while minimizing adverse events and maintaining or improving patient quality of life.

LEARNING OBJECTIVES

Upon completion of this educational activity, participants should be better able to:

- Describe the potential role of novel treatment approaches in the management of aggressive lymphomas
- Discuss the clinical implications of the results of pivotal clinical trials, including early phase trials, that have potential to impact the use of novel therapies in aggressive lymphoma management
- Summarize ongoing clinical trials and future directions in aggressive lymphomas

AGENDA

1:00 PM	Why Advances in Aggressive Lymphoma Treatment Are Needed <i>Julie M. Vose, MD – Chair</i>
1:15 PM	Patient Case #1
1:20 PM	Mantle Cell Lymphoma: Novel Therapies for Improved Outcomes <i>Andre Goy, MD, MS</i>
1:40 PM	Patient Case #2
1:45 PM	Advances in the Management of Relapsed/Refractory DLBCL <i>Thomas E. Witzig, MD</i>
2:05 PM	Patient Case #3
2:10 PM	Is Maintenance Therapy for Aggressive Lymphoma Possible? <i>John P. Leonard, MD</i>
2:30 PM	Question and Answer Session/Evaluation
3:00 PM	Adjourn

Register online at www.educationalconcepts.net

or fax registration to 1.770.933.1692. Once registered, a confirmation will be sent. Registration Fee: NONE

FACULTY

Julie M. Vose, MD - Chair

Neumann M. and Mildred E. Harris Professor
Chief, Section of Oncology/Hematology
Department of Internal Medicine
University of Nebraska Medical Center
Omaha, Nebraska

Andre Goy, MD, MS

Chief, Lymphoma Division
Director, Tumor Bank and Genomics Program
The Cancer Center
Hackensack University Medical Center
Hackensack, New Jersey

John P. Leonard, MD

Richard T. Silver Distinguished Professor of Hematology and Medical Oncology
Clinical Director, Center for Lymphoma and Myeloma
Associate Director for Clinical Research
Weill Cornell Cancer Center
Professor of Medicine, Weill Cornell Medical College
Attending Physician, NewYork-Presbyterian Hospital
New York, New York

Thomas E. Witzig, MD

Consultant in Hematology
Professor of Medicine, Mayo Clinic College of Medicine
Mayo Clinic
Rochester, Minnesota

ACCREDITATION

This activity has been planned and implemented in accordance with the Essential Areas and policies of the Accreditation Council for Continuing Medical Education through the joint sponsorship of The University of Nebraska Medical Center, Center for Continuing Education and Educational Concepts Group, LLC.

The University of Nebraska Medical Center, Center for Continuing Education is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The University of Nebraska Medical Center, Center for Continuing Education designates this educational activity for a maximum of 2.0 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

The University of Nebraska Medical Center College of Nursing Continuing Nursing Education is accredited as a provider of continuing nursing education by the American Nurses Credentialing Center's Commission on Accreditation.

This activity is provided for 2.0 contact hours under ANCC criteria. Provided for 2.4 contact hours under Iowa Provider #78. Provider approved by the California Board of Registered Nursing, Provider #13699 for 2.4 contact hours.

Credit certificates will be issued to all attendees by mail after the conference to allow for correct attendance recording (educational conference, mini symposiums, etc.)

FACULTY DISCLOSURE STATEMENT

All faculty participating in continuing education activities sponsored by UNMC, CCE, and ECG are expected to disclose to the audience any real or apparent commercial financial affiliations related to the content of their presentations/materials.
