The Nebraska Medical Center is among the "Top 100 Hospitals" named in 2009 by Nursing Professionals magazine. The hospital ranks as one of the best places for nurses to work.

The spring 2009 Top 100 Hospitals issue is available, beginning Thursday.

The Nebraska Medical Center placed 43rd in the ranking and joins a select group of hospitals.

Hospitals are selected based on a survey that is sent out to 25,000 randomly selected hospital nurses throughout the country that measures their job satisfaction.
