The UNMC Division of Medical Technology offers this course in order to facilitate fulfilling the Immunology requirement for admission into our program.

Course materials include 32 hours of lectures and extensive handouts. Lectures are available in three formats: audio tape, CD ROM, and MP3. There are six quizzes (not graded) and two examinations.

This course is graded as Pass/Fail ONLY

Please Allow 2 to 3 Weeks for Delivery of Course Materials

Upon successful completion of the Immunology independent study, the student will be able to describe the components and physiologic activities of the immune system. Topics include hypersensitivities, tolerance, immunosuppression, transplant and tumor immunology, autoimmunity, and immunodeficiency states. Laboratory testing will also be identified.

If you do not need the credit hours to fulfill the 90 semester hour minimum for admission into the Division of Medical Technology, the course will be given for continuing education credit only (32 contact hours). If you require the credit, please contact Linda Fell for additional information and forms.
